URBAN & INDUSTRY

A wide-angle photograph of an indoor sports arena. In the foreground, a blue running track with white lane markings is set up with several hurdles and orange traffic cones. The hurdles are white with blue frames and have 'FINA' branding. The cones are orange with blue and white reflective stripes. In the background, there are rows of blue and yellow plastic seating. Above the seating, a large black electronic scoreboard displays 'FINA' and '200'. The arena has a high ceiling with visible structural beams and lighting fixtures.

EDUCATION & SCIENCE

A wide-angle photograph of the interior of the Beguinage Church in Mechelen. The church features a high, vaulted ceiling with intricate frescoes and a large, ornate altar at the far end. The walls are painted in soft pink and blue tones, and the floor is made of light-colored stone tiles. On the right side, there is a large, dark wooden pulpit with a spiral staircase. The overall atmosphere is one of historical grandeur and religious solemnity.

RELIGION

FLANDERS. WE ARE LOCATIONS

The Flanders Region offers a wide variety of stunning locations and a unique diversity of architectural styles. Ranging from urban to rural landscapes, from the authentic medieval city centre of Bruges to the industrial port of Ghent and the cosmopolitan avenues of Antwerp, Flanders has something to offer every filmmaker.

ARE YOU LOOKING FOR LOCATIONS TO SHOOT A FILM OR SERIES?

Browse through our **ONLINE LOCATION DATABASE** and find inspiration for your ideal film location. Use the handy tags to find a specific location or select a city.

Our location database gives a nice overview of what Flanders has to offer, but is not exhaustive. If you are looking for a specific public or private location, we recommend getting in touch with a **LOCAL PROFESSIONAL LOCATION SCOUT**. You can find a list on our website. These professionals are experienced in scouting the most iconic locations for international productions.

AND THERE'S SO MUCH MORE!

WE OFFER INCENTIVES. In addition to Belgium's federal Tax Shelter – the most cash-flow friendly and cost-effective system around – there are also regional funds that really put the icing on the cake.

WE'VE GOT STUDIOS. Our audiovisual facility companies deliver the highest quality at very competitive rates. Film studios, sound stages, water stages, XR/VR/motion-capture and 3D scanning, animation studios, post-production facilities... we've got it all!

WE'VE GOT TALENT. Looking for highly skilled actors, heads of department or technicians? Our technical crew members are among the best qualified in Europe and beyond.

WE SPEAK YOUR LANGUAGE. You won't find a region or country where people speak more languages, including English, French and Dutch, and in some cases even German, Spanish, Italian, and many more.

WE'RE LOCATED IN THE HEART OF EUROPE. Flanders is a stone's throw from key European cities like Paris, London, Berlin, and Amsterdam. And Flanders is very compact, which means that all the locations you require are within easy reach.

WE HAVE THE EXPERIENCE. Screen Flanders, your co-production partner *since 2012*.
